Principal's Message

Dear Seniors and Undergraduates:

You will receive your copy of "The '60 Cardinal" during the summer. By this time, members of the 1960 graduating class will have completed the prescribed course of study of this institution and will be making plans to enter institutions of high learning or to enter chosen vocations. For this group, I wish much success and happiness. Do your best in all of your undertakings. Be true to yourselves and to all with whom you come in contact. I pray that each of you will contribute your services to your church, your home, and your community in such a way that they will help make this a better world in which to live.

I stress to all undergraduates the importance of your coming back to your school next fall with great desires to achieve high educational goals so that you may better equip yourselves with the necessay tools for contributing your services for the betterment of mankind. May you prepare yourselves to fit into the complex society of this world in such a manner that would be pleasing to God.

I wish to thank the sponsor and the staff of this publication for a great job well done.

My prayers and best wishes go with you.

Your friend,

B. T. Moore
